## TEMPLATE A

Although such topics, in all likelihood, never will yield a consensual agreement, a constructive dialogue on whether \_\_\_\_ ( TOPIC ) can lead to thought-provoking discussions. My view is that, irrespective of the numerous arguments that exist on both sides, there is always an ambiguous view for the respective topic

There are a number of arguments in favour of my stance. The most preponderant one is that Topic can not only contribute to a major upsurge, but also lead to numerous other benefits in various fields. Thanks to the wide range of advantages it offers, not only can one benefit more when it comes to being effective, but they can also enhance the productivity and quality of their lives, with much ease, efficacy, and convenience. Needless to say, all these merits stand one in good stead, as far as augmenting their chances of prosperity and excellence is concerned.

There are some people who believe that TOPIC can be helpful. According to such people, advantages these things involve are numerous. According to the recent findings, there are number of facts and figures available to prove my point of view. Thus, the possibility of statement " TOPIC " is true for such people.

I see that there is equally potential evidence to support the arguments I have provided, and hence, I logically conclude my statement in a conclusive way
